- c. Failure to report GenAI to the State may result in disqualification. The State reserves the right to seek any and all relief to which it may be entitled to as a result of such non-disclosure.
- d. Upon notification by a Bidder / Offeror of GenAI as required, the State reserves the right to incorporate GenAI Special Provisions into the final contract or reject bids/offers that present an unacceptable level of risk to the State.
- e. Government Code 11549.64 defines “Generative Artificial Intelligence (GenAI)” as an artificial intelligence system that can generate derived synthetic content, including text, images, video, and audio that emulates the structure and characteristics of the system’s training data.

8. AWARD AND PROTEST

A bidder may protest the award of a contract on the grounds that it (the bidder) is the lowest responsible bidder meeting the specifications and should therefore be awarded the contract.

A protestant must be able to prove that the awarding agency has committed a material error in the conduct of the bid award process.

Public inspection of all bids will be allowed after the bid opening.

Protests must be received in a timely manner pursuant to Public Contract Code Section 10345, as applicable. In order to be considered timely, a protest must be filed with the State Agency conducting the solicitation and DGS before the contract award is made.

Please note that if the award will be made to other than the low bidder, any protests must be filed within five business days of notice to the low bidder that the contract was awarded to another bidder. If a written request was submitted by a bidder to the State agency requesting that a notice of intent to award be posted, the protest must be filed during the five business days the notice is posted.

Within five business days of filing the protest, the protestant must submit a detailed written statement of protest if the original protest did not contain the complete grounds for the protest.

Both the original protest and/or the detailed statement of protest, if any, must include the IFB number, the name of the State Agency conducting the solicitation, State agency contact person, and protestant's fax number, if any.

The protest documents may be sent by regular mail, email, courier, or personal delivery to:

2. No payment shall be made unless the Payee Data Record form has been completed and returned to the State.

F. Key Employee Policies and Guidelines Notice Acknowledgment (Consultants and Contractors)

1. The selected contractor awarded this Agreement must complete and submit the form DWR 9524a, Key Employee Policies and Guidelines Notice Acknowledgment. These policies and guidelines communicate expectations for contractors. Every contractor or subcontractors employee is expected to read and understand the material contained within. Primary contractor/subcontractors are responsible to ensure that their employees are aware of and adhere to the policies and guidelines.

G. Small Business Preference Program

1. The Small Business Procurement and Contract Act [Government Code \(GC\) Section 14838 et. seq.](#) requires that a fair share of the State's purchases and contracts for goods, information technology services and construction be placed with a certified Small Business (SB) or Micro-Business (MB). The Act mandates that state agencies:
 - a. Establish participation goals,
 - b. Provide a five percent (5.0%) SB calculation preference, and
 - c. Provide the opportunity for bidders to receive a five percent (5.0%) non-small business (NSB) calculation preference when achieving twenty-five percent (25.0%) SB participation through subcontracted efforts.

Bidder which is awarded the contract is committed to paying the stated percentage of the total contract amount (including contract amendments) to the SB subcontractor(s) as declared on the DGS PD 05-105 form. SB bidders and subcontractors must be certified by DGS/OSDS to participate in SB Preference program.

2. SMALL BUSINESS PREFERENCE

The SB Preference offers certified SB's and MB's a calculation preference in the amount of five percent (5%) of the lowest responsible bid submitted by a bidder who is not a certified SB. The SB Preference is used as a calculation for determining the lowest bidder and does not affect the actual price bid. Responding bidders must:

- a. Includes in its bid a notification to the awarding department that it is an SB or that it has submitted to The Department of General Services, Office of Small Business & Disabled Veteran Business Enterprise Services (DGS/OSDS) a complete application no later than 5:00 p.m. on the bid due date, and is subsequently certified by DGS/OSDS as an SB; and
- b. Include copy of firm's DGS/OSDS SB certification
- c. Submits a timely, responsive bid; and
- d. Be determined to be a responsible bidder.

3. NON-SMALL BUSINESS PREFERENCE

Non-small business (NSB) bidders will be granted a five percent (5.0%) NSB preference on a bid evaluation when a responsible NSB has agreed to subcontract at least twenty-five percent (25.0%) of their bid price with a California certified SB and if the NSB bidder's bid is not the low price bid, or when a proposal has been not been ranked as the highest scored bid pursuant to the evaluation of the solicitation. Responding bidders must:

- a. Include information on required form DGS PD 05-105, Attachment VIII, of the DGS/OSDS certified SB subcontractor(s) with which it commits to subcontract a total of at least twenty-five percent (25%) of its net bid price (refer to page two of form for detailed instructions);
- b. Include copy of the DGS/OSDS certification for each identified SB;
- c. Submits a timely, responsive bid; and
- d. Be determined to be a responsible bidder.

4. NON-SMALL BUSINESS PREFERENCE CALCULATION

The NSB calculation preference five percent (5.0%) is used for bid evaluation purposes only. Awards made as a result of the NSB preferences shall be awarded at the bidder's original bid price. The preference shall be computed as follows:

Bidder A, (Low Bid), non-small business:	\$125,000
Bidder B, non-small business (subcontracting 25% to a certified small business)	\$131,000
Calculation Preference:	$\$125,000 \times .05 = \$6,250$
Bidder B	\$131,000
Subtract calculated preference	<u>- \$6,250</u>
Adjusted Bid for Bidder B	\$124,750

Award is made to Bidder B as the low bidder at the bid price of \$131,000.

5. TIES BETWEEN CERTIFIED SMALL BUSINESSES AND DVBE BUSINESSES

In the event of a precise tie between the bid of an SB and the bid of a Disabled Veteran Business Enterprise (DVBE) that is also an SB, the award shall go to the DVBE that is also an SB.

6. MAXIMUM ALLOWABLE PREFERENCES

In no event shall the amount of the SB or NSB subcontractor preferences awarded on a single bid exceed \$50,000, and in no event shall the combined cost of the SB or NSB subcontractor preference and preferences awarded pursuant to any other provision of law exceed \$100,000. The five percent (5%) calculation preference is used for computation purposes only and does not alter or affect the actual bid price or the amount of the executed contract. When a certified SB is the lowest responsive, responsible bidder, then there is no need to compute the SB preference as the SB is the low bidder.

7. COMMERCIALLY USEFUL FUNCTION (SBs) ([Government Code \(GC\) section 14837\(d\) \(4\)](#))

A certified SB, micro-business (MB) contractor, subcontractor or supplier, must meet commercially useful function (CUF) requirements under [Government Code \(GC\) section 14837\(d\) \(4\)](#). Selected firms must perform a CUF relevant to this contract.

The term “small business contractor, subcontractor or supplier” means any person or entity that satisfies the ownership (or management) and control requirements in accordance with [GC section 14837\(d\) \(4\)](#) and provides services or goods that contribute to the fulfillment of the contract requirements by performing a CUF. A person or an entity is deemed to perform a CUF if that person or entity does **all** of the following:

1. Is responsible for the execution of a distinct element of the work of the contract.
2. Carries out contractual obligations by actually performing, managing, or supervising the work involved.
3. Performs work that is normal for its business services and functions.
4. Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices.
5. Is responsible, with respect to products, inventories, materials, and supplies required for the contract, for negotiating price, determining quality and quantity, ordering, installing, and, if applicable, making payment
6. Its role is not an extra participant in the transaction, contract or project through which funds are passed in order to obtain the appearance of DVBE participation.

8. BIDDER CUF REQUIREMENTS

The Department will determine, to the best of its ability, that your firm meets the criteria above for CUF. In responding to this solicitation, you are confirming that, under [GC 14837 \(d\) \(4\)](#) above, your business provides goods and/or services meet the definition of CUF. All bidders are required to provide CUF documentation using the State’s Bidder Declaration form DGS PD 05-105, Attachment VIII, included in the solicitation document. When completing the DGS PD 05-105, bidders must identify all subcontractors proposed for participation in the contract. Any bidder awarded a contract is contractually obligated to use the subcontractor for the corresponding work defined unless the State agrees to a substitution.

H. Disabled Veteran Business Enterprise Program

This solicitation includes DVBE Program participation requirements, which is a minimum of three percent (3.0%) commitment. Complete and provide the following forms for DVBE Program participation compliance:

1. DWR SB/DVBE PROGRAM MANAGER PRE-REVIEW OF DVBE DOCUMENTATION

The Department's SB/DVBE Program Manager offers a pre-review of a bidder's DVBE documentation prior to proposal submission. Since non-compliance with the DVBE program is immediate cause for rejection, the State strongly recommends firms interested in bidding take advantage of this opportunity to ensure they are fully compliant with DVBE Program participation requirements.

Bidders should allow at least five (5) working days for pre-review of their DVBE documentation and submit them to the following:

SB/DVBE Program Manager
Email: SB.DVBE@water.ca.gov

Upon satisfactory review of the bidder's DVBE documentation, the DWR SB/DVBE Program Manager issues a Notification of Compliance which the bidder will submit with their bid submittal.

2. DVBE INCENTIVE PROGRAM

Under [CCR 1896.99.100](#), the California DVBE Incentive provides responsive and responsible bidders the opportunity to receive additional incentive calculations. The incentive is applied at the time of solicitation evaluation when a proposing firm identifies and commits to using a California-certified DVBE subcontractor to provide services or commodities in support of the overall contract. Application of the DVBE Incentive may place the bidder in line for contract award.

The following are key elements of the DVBE Incentive Program:

- a. The DVBE Incentive is applied during the evaluation process and is only applied to responsive bids from responsible bidders proposing the percentage(s) of DVBE participation for the incentive(s) specified in the solicitation.
- b. DVBE Incentive participation is at the discretion of the bidder and is *optional* when overall DVBE Program requirements are exempt by the State for that solicitation.
- c. When requesting the DVBE Incentive Application, a bidder must complete and return the DVBE Incentive Application Request included within this solicitation with their proposal at time of submission.
- d. DVBE certified firm (bidder and/or subcontractor(s)) must be certified by DGS/OSDS.
- e. Services or commodities provided by the DVBE firm MUST meet the definition of CUF as defined under Government Codes: [14837](#) and [14842.5](#); [Military and Veterans Code 999 \(B\) \(i\) \(ii\)](#); and [California Code of Regulations 1896.71](#). A DVBE firm determined as not meeting CUF regulations will render the responding firm ineligible for the DVBE Incentive Application.
- f. Bidder which is awarded this contract, is committed to paying the stated percentage (on each form DWR 9526) of the total contract amount (including contract amendments) to the DVBE subcontractor declared on this form.

3. COMMERCIALY USEFUL FUNCTION - DVBEs ([MVC 999\(B\)](#))

Firms selected must perform a “*commercially useful function*” relevant to this contract. The term “DVBE contractor, subcontractor or supplier” means any person or entity that satisfies the ownership (or management) and control requirements of [CCR 1896.61\(f\)](#); is certified in accordance with [CCR 1896.70](#) and provides services or goods that contribute to the fulfillment of the contract requirements by performing a commercially useful function. As defined in [MVC 999\(B\)](#), a person or an entity is deemed to perform a “commercially useful function” if a person or entity does *all* of the following:

- a. Is responsible for the execution of a distinct element of the work of the contract;
- b. Carries out the obligation by actually performing, managing, or supervising the work involved;
- c. Performs work that is normal for its business services and functions
- d. Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices

- e. Is responsible, with respect to products, inventories, materials, and supplies required for the contract, for negotiating price, determining quality and quantity, ordering, installing, if applicable, and making payment; and
- f. Its role is not an extra participant in the transaction, contract or project through which funds are passed in order to obtain the appearance of DVBE participation.

4. ORDER OF EVALUATION

For purposes of evaluation, first SB Preference will be applied, followed by the DVBE Incentive calculation.

The usage indicated below will be used solely for computing the cost as a fair and equitable formula to determine the low bidder and is not binding on the contracting agency. However, the actual costs quoted below by the bidder shall be binding for the term of the Agreement.

The bidder hereby agrees to provide all labor, materials, licenses, permits, and transportation necessary to perform all services required for the foregoing titled work in accordance with the Scope of Work, Exhibit A. The rates listed on this Bid Sheet shall include every item of expense, direct and indirect, including taxes incidental to the specified rates.

The bidder is required to bid each item. Failure to indicate a dollar amount in any item will be grounds to reject the entire bid. A zero dollar (\$0.00) amount listed for any and all items will be interpreted and understood by the State to mean that the bidder indicating a zero dollar amount shall perform any such services, up to and including the quantity indicated, at no cost to the state. Notwithstanding the foregoing, the State may reject bids that are, as determined in the sole discretion of the State, unbalanced. An "unbalanced bid" is a bid that has nominal prices for work item(s) that represent substantive work and/or overly enhanced prices for nominal work item(s).

During emergencies, the Contractor must provide the equipment within four (4) hours of such request. DWR will attempt to give the Contractor as much notice as possible. The Contractor must be available by phone twenty-four (24) hours per day, seven (7) days per week.
6. DWR will provide operators, fuel, lubricants, and consumables necessary for operation of the equipment during the term of the rental period. DWR will make every effort to return the equipment with fully charged/fuel tanks whenever possible or pay for topping off, which will not exceed seven dollars (\$7.00) per gallon for fuel. If the fuel rate exceeds seven dollars (\$7.00) per gallon at the Contractor's fueling station, the weekly bulk fuel rates listed on the U.S Energy Information website for the date of equipment return must be used as the rate charged per gallon: <https://www.eia.gov/petroleum/gasdiesel/>

Upon pickup, the Contractor must record such damage prior to leaving the jobsite and must give the DWR representative a legible copy. The Contractor rates for such services must not exceed \$65 per hour plus cost of parts as detailed on itemized invoices. A copy of the invoice for any repair done must accompany the corresponding Contractor's invoice that includes the repair(s).
10. For the purpose of this agreement, the following definitions will apply:
 - i. Week: Five (5) working day, eight (8) hours per day, in a seven day period or forty (40) hours, whichever comes first
 - ii. Month: Twenty (20) working days, eight (8) hours per day, in a four (4) week period or 160 hours, whichever comes first.
11. The Contractor's rate will be prorated for fractional parts of a rental period.
12. There is no guarantee as to the number of equipment items requested or the duration of usage for any piece of equipment that is requested.
13. The Contractor must clearly mark all equipment with the Contractor's company name and serial number or number identifying the item to the rental equipment.
14. In the event the Contractor cannot provide requested equipment listed in the contract, it will be the responsibility of the Contractor to seek other options to ensure the request is met. In such cases, the Contractor must adhere to the bid rate listed in Exhibit B, Attachment 1, Bid Sheet. At no time will DWR be invoiced at a higher rate than listed in Exhibit B, Attachment 1, Bid Sheet. The Contractor may offer a similar item that is acceptable to DWR, at the requested equipment bid rate. Delivery and pick up rates remain the same.
15. In the event the requested item is not listed in Exhibit B, Attachment 1, the Contractor may seek other options to provide said equipment. If the Contractor must utilize a third-party vendor, it is the Contractor's responsibility to submit the Contractor's invoice with the third-party invoice simultaneously. DWR will have the right to delay payment by dispute, should the Contractor not provide third-party invoices. The Contractor may invoice no more than fifteen percent (15%) above the third-party invoice rates. Delivery and pick up rates remain the same as the Contractor's equipment facility to designated job sites.
16. The Work Order Procedure (referring to Exhibit A, Attachment 1) must be used to rent additional equipment not foreseen at this time and not listed in Exhibit B, Attachment 1, Bid Sheet, which can be provided by the Contractor, including equipment that may be needed for emergency situations. This will involve providing a detailed description of equipment needed, any work to be performed, and all associated costs required to complete work. DWR will pay the Contractor in accordance with the Contractor's current usual and customary posted rates. The Contractor must attach current usual and customary posted rates to each Work Order. The Work Order will be furnished by DWR. The Work Order must be signed by the Contractor and the DWR Contract Manager, prior to work being done. Equipment provided or work done without the use of the Work Order Procedure will not be paid.
17. DWR will not be responsible for loss or damage to the rented equipment arising from causes beyond the control of DWR. DWR's responsibility for repairs and liability for damage or loss is restricted to

that made necessary or resulting from the negligent act or omission of DWR or its officers, employees, or agents.

18. In the event any DWR-owned equipment or property is damaged through the fault of the Contractor or its agents, the Contractor must replace or repair the equipment or property to DWR's satisfaction. The Contractor's liability for said damage will be limited to the actual cost of replacement or repair.
19. If a breakdown of equipment occurs, repair or replacement must be provided within four (4) hours of the DWR's notice to the Contractor. If the Contractor cannot provide repair or replacement within four (4) hours, DWR may rent the equipment from another source and charge the Contractor for additional charges incurred by DWR. DWR will submit a copy of the bill to the Contractor showing actual costs for replacement of rented equipment, and that amount will be deducted from any balance due to the Contractor.
20. Rental payment may be subject to deductions on a prorated basis on account of time loss due to breakdown or repair of the equipment, provided the Contractor has been notified of such breakdown and repair or replacement has been requested. Such lost time will be accumulated throughout the rental period and deducted to the nearest full day.
21. The Contractor must obtain a delivery signature from a DWR employee. Under no circumstances must a piece of equipment be dropped off at any location without a valid delivery signature. Signature from the front gate guard does not constitute a valid signature. DWR will make every effort to have an employee available.
22. The Contractor must maintain compliance with the 90-day California Highway Patrol (CHP) Safety Inspections, CHP Basic Inspection of Terminals Program, and the California Occupational Safety and Health rules and regulations throughout the entire term of this agreement. These records are subject to be reviewed during business hours upon reasonable notice.
23. The Contractor must keep fully informed of all existing and future State and Federal laws and County and municipal ordinances and regulations which in any manner affect those engaged or employed in the work, or the materials used in the work, or which in any way affect the conduct of the work. The Contractor must always observe and comply with, and must cause all its agents, sub-contractors, and employees to observe and comply with such existing and future laws, ordinances, and regulations.
24. The Contractor will be reimbursed at the bid price for actual and necessary travel time, not to exceed two (2) hours round-trip for each order in which DWR requests delivery or pickup of the equipment. The Contractor will be required to travel the most direct route to the site. Time will be computed from the time of departure from the Contractor's equipment facility to arrival at jobsite and departure from jobsite to arrival at Contractor's equipment facility.
25. To finalize a request for equipment, DWR will send an email to the Contractor who must respond back via email with acceptance of the request before equipment is delivered.
26. Bid prices listed are locked in place for the duration of this contract. At no time will DWR be invoiced at a higher rate. Invoice rates must match the bid sheet rates and include all items of expense, including all taxes and fees. All hauling costs are incorporated into the bid price, including permit fees. There must be one flat fee for relocating equipment.
27. Invoices must list the equipment line item number as specified on the equipment list on Exhibit B, Attachment 1, Bid Sheet. All invoices must also have a copy of the rental request form attached. If the rental request is not attached, it may delay processing of the invoice.
