RE: **ADDENDUM 1**
RFB 15065-0-2026-TJ
PV Module Hail Replacement

Notice to All Bidders:

Please note the following responses to the questions received:

Bidders must acknowledge receipt of this addendum accordingly on RFP Form B, Receipt Forms and Submittal Checklist.

Question 1

What if we can't find a module to replace the SolarWorld 175 at Demetral Landfill? Module dimensions have changed significantly since this would've been installed, and it may not be possible to find a dimensionally equivalent replacement. Is there any imagery (overhead or on-site) of the Metro BRT locations?

Answer 1

If a bidder is unable to supply a replacement module, please enter a N/A for that building on the cost proposal.

Question 2

Is there any imagery (overhead or on-site) of the Metro BRT locations?

Answer 2

There are no images available, however the below document shows the general location of the modules on the BRT stations.

Please direct any other questions to the Purchasing contact person below.

Thank you,

Tammy Jones
