

ADDENDUM #1

RFP #2026-23 Stationary Industrial Vacuum System

RFP Due Date: September 8, 2026 by 2:00 PM (CT)

This Addendum must be acknowledged on Form B – Receipt of Forms & Submittal Checklist.

The purpose of this Addendum is to clarify, modify, change, delete from, add to, explain or correct the original Request for Bids and is hereby made part of it. In case of conflict between the Request for Bids and this Addendum, this Addendum shall govern.

1.1 Questions & Answers

1. Can a second site visit be scheduled?

A. No.

2. Please provide existing shop DWG of the current system?

A. DWG files of the current system do not exist.

3. Please provide sign-in sheet and plan holders list?

A. All RFP records are available for public inspection after the notice of intent to award is issued.

4. Do you want the hose wheels replaced? If yes, how many?

A. Assuming hose reels (not wheels), Green Bay Metro requires one (1) reel.

5. Is there a bid bond required?

A. No.

6. Timeline for this project?

A. The Vendor is required to submit a timeline/schedule as part of the evaluation process (see Tab D – page 18).

7. If existing piping is used, how can a vendor warrant old equipment?

A. The Vendor guarantees their labor, installation and physical unit against factory defects. Green Bay Metro will consider proposals using existing piping or new piping. If the Vendor elects to reuse piping it is their responsibility to ensure it meets proper function, efficient operation, and aligns with the warranty requirements of the new system.

8. Are you happy with the current hose diameter?

A. *Yes, but the hose diameter should be appropriately sized for the new system to optimize performance and longevity.*

9. What is the budget for this project for FTA funding?

A. *Budget figures will remain confidential.*
